Day Spa

WELCOME TO MOOIKELDER DAY SPA

The story of Mooikelder is a story rich in family values, integrity and longevity, having been in the capable hands of the le Roux family since 1913.

Recently the farm added another chapter to its heritage by opening Mooikelder Day Spa under the careful eye of Yolande le Roux. With Yolande being in the industry for close to ten years, you are in capable hands.

Features such as the custom made therapy beds and self-designed décor all add to warm touches throughout the Day Spa and the Bridal room (named Festival after one of the grape varieties on the farm, but very applicable to a wedding celebration!). The Room is equipped with an actual Wedding Gown and bridal corset and is stylishly put together to inspire any blushing bride-to-be.

For our Bridal Groups wanting to spend time together, we have a dual Pedicure station and a Manicure bar which guests can book on request. We also have a Couples room. With its peaceful, quiet ambience and beautiful gardens Mooikelder Day Spa is the ideal place to relax, catering for local residents and tourists alike (by appointment only).

Mooikelder's breathtaking views and scenic environment finishes off a day well spent at the Day spa and creates a sense of rejuvenation for mind, body and spirit.
